Rain	
CURRENT DAY	0.92 in
24 HR	0.92 in
MONTH TOTAL	4.37 in
YEARLY AS OF JAN	8.53 in
CURRENT RATE	0.15 in/hr
RAIN STORM	0.92 in

Field Photo Upload 3

Field Photo Upload Caption 1

Rain delay - there might be something to the old tale about rain 90 days after fog.

Field Photo Upload Caption 2

Goodfield, IL - cold, wet and still raining.;very few days to dry anything out

Field Photo Upload Caption 3

Bloomington, IL- puddles, mud, water in the ditches. Heartland Community College Field has been tilled once but will need to level out the clods.

Which of the following best describes current conditions in this county?

Moderately Wet (soil is damp, standing water may be present in low areas, water bodies are full)

Quick synopsis of conditions that will appear in the main feed

It's raining again. Will take some heat and wind to dry out. Tillage and spraying in the area this week. Some fields planted. South of Bloomington has soybeans up. Farther north they've missed the rains and are further along. Wheat looks good in the area.

Weather

Colder and wet most of the week. Very little sunshine.

Precipitation

0.92 in the last 3 hours and still raining.

Field/Soil Conditions

Wet

Field/Soil Activities

This week tillage, spray application and planting.

Soybean Growth Stage

Still sealed in the totes.

Corn Growth Stage

Warm in the shed.

Insects

No black cutworms in the Heartland Community College traps.

Weeds

Henbit, burdock, curled dock, Canadian thistles, field pennycress
