County

Marshall

Region/State

Region 2

Which of the following best describes current conditions in this county?

Near Normal

Quick synopsis of conditions that will appear in the main feed

Field conditions have dried out over the past week, and with a lot of sunny days, many were out planting. Around 80% of fields have been planted in Bureau, LaSalle, Marshall, and Putnam counties. Corn that was planted earlier is at VE-V1, and soybeans are at VE-VC.
